ICBA’s online resources are accessible by creating and logging onto ICBA’s website www.icba.org.

Individuals can manage their own profile, but only C-level or middle manager employees can edit the organization’s profile and manage associated employee profiles.

This guide was developed to assist C-level and middle manager contacts with editing and maintaining the organization’s profile and covers:

Employee Roster Management

Before adding, editing or deleting an individual review your organization’s current employee roster to determine if an individual profile already exists, and his/her location, among other details.

To export your roster, follow these steps:

1. Visit www.icba.org and login on the upper right corner using your email and password.
2. Click on My Account in the upper right corner.
3. Scroll down to the Organizations You Manage box and click Manage All Rosters.
4. In the upper right, click the Export Roster button.
5. Your organization’s roster will export as an Excel document. Use this document to determine who is missing, needs to be edited, or removed.

If, at any time, you need to get back to your Organization You Manage or My Profile screen, click the My Account link in the blue bar under the ICBA navigator.
Add a New Employee

There are two ways employees can be added to the roster:

1. Have the employee set up his or her own account using their issued email address (preferred).
2. An employee designated with a Middle Manager or C-Level ICBA Relationship in the system may also add the new employee to the organization’s roster.

Option 1: Employee-created account:

1. Visit www.icba.org and login on the upper right corner using your email and password.
2. Click on Create an Account in the login box.
3. Enter your email address, a password, and click continue.
4. An email will be sent to the email address provided with instructions on completing the account setup. Two things to note regarding the email and continued account setup:
   a. To receive appropriate access rights and ICBA benefits, make sure that you select an organization from the dropdown list of existing organizations.
   b. The link is valid for 24 hours from the time of receipt and can only be clicked on once.

The email will come from info@icba.org. If you fail to receive an email, please check your spam or quarantine folder and ask your IT department to whitelist the following to ensure receipt of future ICBA emails:

- IP addresses (205.201.42.27 and 205.201.40.208)
- domain icba.org, and
- main email address info@icba.org

Note: Whitelisting ICBA’s email domain will not affect your organization’s email security or deactivate your spam filter.

Option 2: Middle Manager/C-Level Relationship created accounts:

1. Visit www.icba.org and login on the upper right corner using your email and password.
2. Click on My Account in the upper right corner.
3. Scroll down to the **Organizations You Manage** box and click the **Manage Roster** button next to **Location** to designate where you want the new employee added. If you do not see an **Organization You Manage** box, contact ICBA at [info@icba.org](mailto:info@icba.org) or 1-800-422-7285.

4. Click **+Add Individual** on the right side

5. Complete each of the fields on the new blank line. You may use the tab button to move from field to field or use your mouse to click into each field. If using your mouse, you must scroll to the right to view the additional fields. (See next section, **Know the Profile Fields** for more information). Enter data using mixed case (upper and lowercase letters) and standard capitalization rules.

6. When all fields are complete, click the **Save** button on the left side of the screen.

7. If no duplicate or similar names are found, the new employee is added and is listed alphabetically by last name. **For employees without a unique email address, you will need to find the new employee and notate the system-generated email address to allow them to login to icba.org and access ICBA programs.**
8. If a potential duplicate account is found in the system when attempting to add an employee, the following screen will appear:

![Image of accounts found](image)

**Accounts Found**

</tr>
</tbody>
</table>

*Note: If you need further assistance, please contact ICBA at 904-483-7160.*

All contact info added to roster will be primary. If any additional contact info needs to be updated, please click the “Manage all contact info” next to the specific individual you want to review.

**a.** If a matching name appears in the **Accounts Found** box, you must determine if this is the same person you are attempting to add.

i. If the **Organization** of a potential match appears and is the same as your organization, but the person is at a different location, click **Edit This Individual** and change their **Organization** (location). After editing, click **Save**.

ii. If the **Organization** of a potential match appears and looks like the organization that your new employee worked at before, double check with the individual first, then click **Edit this Individual** and change the appropriate fields to match their current position at your organization. When you’re finished click the **Save** button.

iii. If there is an exact match and all the displayed information is correct, then the employee you are attempting to add has already been set up. Click the **Cancel** button next to the new entry you started.

**b.** If there is not an exact account match in the **Accounts Found** box or you are uncertain if a potential match is a duplicate, click on **Click Here to Add the Individual Anyway** and he/she will be added to the roster. *Note: This can happen when an employee leaves the organization, is deleted, and later is rehired. Note: Removal from your organization does not remove employees from ICBA’s database.*)
Know the Profile Fields

When completing fields, please enter data using mixed case (upper and lowercase letters) and standard capitalization rules.

1. **Prefix** – Required field.
2. **First Name** – Required field.
3. **Last Name** – Required field.
4. **Suffix** – If applicable, not required.
5. **Nickname** – Required field.

6. **Email** – An email address is required for all new accounts as this is their “user name” for accessing www.icba.org. If the employee has a individual email, enter the email address. Note: *Everyone must have a unique email address.* If the employee does not have a legitimate email, leave the field blank and check the box **No Email Available.** A fictitious email address will be generated once the account is created (xxxxx@commbanku.com). Share this computer-generated email address with the new employee to give them access.

7. **New Password** – You can choose to create a password for the new employee to get them started, but it is not a requirement. **If the employee does not have a legitimate email address you MUST create a password for them if they need to access the system.** Keep in mind:
   
   a. **Passwords are case sensitive – there are no length or character requirements.**
   b. If you do create a password for another employee, the employee will receive an email from info@icba.org stating their password has been changed. ICBA recommends employees change their password to something only they know once they’ve logged in.

Provide the employee with the following instructions:

   i. Go to [www.icba.org](http://www.icba.org).
   ii. Click on **Member Login** in the upper right corner.
   iii. Enter your email and the password provided to you and click the **Login**.
iv. Click on **My Account** in the upper right corner.

v. Click on **Change My Password** found at the bottom of the list in the **My Account Links** box on the right side of the screen.

vi. Enter your new password twice and click **Save**.

vii. You will receive an email from [info@icba.org](mailto:info@icba.org) stating that your password has been changed (if you have a legitimate email address).

8. **Confirm Password** – If you entered a password in the **Password field**, re-enter it in this field.

9. **Title** – The job title is a required field.

10. **ICBA Relationship** – This field determines the employee’s permissions in editing the organization’s roster and is required. Choose one of the following from the dropdown menu:
    
    a. **Employee** – Can manage his/her own account and no others.
    
    b. **Middle manager** – Can manage individuals only at his/her associated location.
    
    c. **C-Level staff** – Can manage individuals at any location or head office location as well as manage organization locations and demographics. LMS Administrators (Community Banker University’s online training system administrators) must be C-level.

11. **Job Functions** – This field is used to capture an employee’s role within the organization. You may start typing a job function and the available fields will appear from which to choose, or you can click in the field with your mouse and the entire list will appear for you to choose from. You may choose more than one job function by entering them individually or holding the **Control (Ctrl)** button on your keyboard while selecting from the dropdown menu.

12. **Organization** – From the dropdown list, select the location for which the new employee is associated. The address information will pre-fill once an **Organization** is selected.
Removing an Employee

**Important note:** Please do not remove employees unless they are no longer with the organization as they may be enrolled in other important ICBA programs. Also, if an employee changes bank locations/branch, do not remove the employee, but edit their profile. See Editing an Employee’s Account instructions on the next page.

Reset Password

There are three ways to reset a forgotten login password.

**Option 1: Employees Reset Their Own Password – Preferred**

Employees can reset their own system password if they have a legitimate email address. Have the employee follow these instructions:

1. Go to [www.icba.org](http://www.icba.org)
2. Click on Member Login in the upper right.
3. Click on the Forgot your password? Link.
4. Enter your email address and click Submit.
5. An email will be sent with instructions to reset the password. *Note: The link is valid for 24 hours from the time of receipt and can only be clicked on once.*

The email will come from [info@icba.org](mailto:info@icba.org). Please check your spam or quarantine folder if it is not delivered to your inbox and ask your IT department to whitelist the following to receive emails:

- IP addresses (205.201.42.27 and 205.201.40.208),
- domain icba.org,
- main email address [info@icba.org](mailto:info@icba.org)

*Note: Whitelisting ICBA’s email domain does not affect your organization’s email security or deactivate your spam filter.*

**Option 2: Middle Managers or C-Level staff Reset Employee’s Password**

An employee with a Middle Manager or C-Level “ICBA Relationship” status can reset an employee’s password within the ICBA website by following these instructions:

5. Once you find the employee, click the **Edit** button on the left side of the screen next to the individual.

6. Tab or scroll and click to the **New Password** field.

7. Enter a new password and enter it again in the **Confirm Password** field.

8. Click the **Save** button on the left side.

9. If the employee has a legitimate email address, an email will be sent to the employee from [info@icba.org](mailto:info@icba.org) stating their password has been changed.

**Please Note:** Employees will not be prompted to change their password upon login once you have reset it. We recommend you have them change their password to something only they know once they’ve logged in. Provide employees with the following instructions:
1. Go to www.icba.org and click on Member Login in the upper right corner.
2. Enter your email and the password provided to you and click the Login button.
3. Click on My Account in the upper right corner.
4. Click on Change My Password found at the bottom of the list in the My Account Links box on the right side of the screen.
5. Enter your new password twice and click the Save button.
6. You will receive an email from info@icba.org stating that your password has been changed (if you have a legitimate email address).

Employees without a legitimate email address, may change their email address this same way. However, they cannot reset their password on their own if they have forgotten it.

Option 3: ICBA Team Members Reset Password

You can contact an ICBA team member at info@icba.org or 1-800-422-7285 to have the password reset. If ICBA resets a user’s password, the employee will receive an email notifying them that his/her password has been reset (if a legitimate email is on file).
